

EAST FARLEIGH CRUISING CLUB

17 June 2010

Dear All

Please find attached a paper circulated by the Head of Recreation and Navigation. It deals with the harmonisation of navigation charging. It further covers the introduction of the requirement for a BSS for all craft using the River Medway, and indeed any of the rivers and canals governed under the new harmonisation of navigation.

You would be best advised to read this document carefully to avoid being caught out by changing legislation.

Best regards.

JOHN NORCOTT
REAR COMMODORE CRUISING
